

1st TIME IS B2B Meet 2008
“Explore & Discover New Opportunities”

Monday, 22 September'2008
Federation House, New Delhi

Department of Science Technology (DST) together with Federation of Indian Chambers of Commerce & Industry (FICCI) is planning a one-day business-to-business event on entrepreneurship wherein Entrepreneurs, Innovators, Funding Organizations, Technical and Marketing experts can experience a face-to-face interaction with each other to explore new opportunities.

The aim of **“TIME IS Business2Business Meet”** is to:

- Promote and nurture technology driven entrepreneurship.
- Provide a Networking platform to technology providers and entrepreneurs as well as financial institutions.
- Help showcase innovative technologies.

An exhibition is also being organized as a part of the event. Stalls will be available on first come first serve basis since limited space is available.

To make this event fruitful, a simple registration form has been developed to know the participant's purpose for the meeting a little better. Once the form is received, there will be a careful scrutiny by the DST & FICCI team to identify the right set of participants for effective match- making.

To defray part of the organizational expenses, a small fee of Rs.500/- is been charged. All cheques/demand drafts may be drawn in favour of FICCI, payable at New Delhi. However, please do not send any participation fee before formal acknowledgement of participation from our end. All forms must reach us by 10 September 2008, after which no participation will be entertained.
